Evolutions in Law Enforcement: New Tech and Challenges in Criminal Justice

This special report will highlight the new challenges and leading technology issues being faced by state and local law enforcement agencies, including facial recognition capabilities, probation reform, and the increasing number of hate crimes across the U.S.

What's Inside This Special Report:

- **Government Needs An 'Ethical Framework' to Tackle Emerging Technology** | At SXSW, a beacon of technology idealism, mayors discuss how to deal with the difficult problems that can come with new tech.
- **Reworking Probation as Part of Criminal Justice Reform** | As states reduce prison sentences and try to limit the number of people incarcerated, governors say they also must drill down into the next steps needed to help people remake their lives.
